

**Certification Information**  
**Regulatory & Safety Notices Rev. H**

**Model name: Ellu Band**

Bluetooth v4.2, 21mAh Li-Ion battery, IP68, two buttons  
Operating temperature: -10°C to 45°C  
Power rating: DC 5V, 50mA

**CAUTION**  
**RISK OF EXPLOSION IF BATTERY IS**  
**REPLACED BY INCORRECT TYPE**  
**DISPOSE OF USED BATTERIES**  
**ACCORDING TO THE INSTRUCTIONS**

Country of Manufacture: Malaysia

**Compliance.** Your product is FCC and CE DoC compliant. For compliance information, go to <http://www.ellucompany.com/compliance>.

## **USA: Federal Communications Commission (FCC) statement**

**FCC Compliance and Advisory Statement:** This hardware device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed or used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) reorient or relocate the receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for help. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulations.

**FCC RF exposure:** For body worn operation, this device has been tested and meets FCC RF exposure guidelines when used with an accessory that contains no metal and that positions a minimum of 5mm from the body. Use of other accessories may not ensure compliance with FCC RF exposure guidelines

Caution: Any changes or modifications not expressly approved by the party responsible for compliance to this equipment would void the user's authority to operate this device.

This Device complies with FCC & IC radiation exposure (exemption) limits.

FCC ID: **2AM5G-ELLU**

## European Union (EU)

This device works at frequencies between 2400 – 2483 MHz with 0 dBm output power and is in conformity with the essential requirements and other relevant requirements of the RED Directive 2014/53/EU. The declaration of Conformity is available at <http://www.ellucompany.com/compliance/ce>

## Safety Statement

This equipment has been tested to comply with safety certification in accordance with the specifications of IEC Standard: EN 62368-1:2014/A11:2017

## Restriction on Hazardous Substances

This device complies with all applicable worldwide regulations and restrictions including, but not limited to: EU directive 2011/65/EU (ROHS 2) on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment and EU Registration Evaluation and Authorization of Chemicals (REACH) regulation regarding Substances of Very High Concern (EC 1907/2006).

## Disposal and Recycling Information

**Disposal of Waste Batteries and Electrical & Electronic Equipment** This symbol on the product or its batteries or its packaging means that this product and any batteries it contains must not be disposed of with your household waste. Instead, it is your responsibility to hand this over to an applicable collection point for the recycling of batteries and electrical and electronic equipment. This separate collection and recycling will help to conserve natural resources and prevent potential negative consequences for human health and the environment due to the possible presence of hazardous substances in batteries and electrical and electronic equipment, which could be caused by inappropriate disposal. For more information about where to drop off your batteries and electrical and electronic waste, please contact your local city/municipality, your household waste disposal service, or the shop where you purchased this product. Contact [weee@ellucompany.com](mailto:weee@ellucompany.com) for additional information on WEEE and waste batteries.

Do not dispose of your Ellu product with household waste

- Disposal of the packaging and your Ellu product should be done in accordance with local regulations.
- Batteries are not to be disposed of in the municipal waste stream and require separate collection.
